

PASSAGE

Of President's Bill to Placate Ne- groes Will Fail

SERIOUS BLOW TO TAFT

Senator Borah Will Reply to Foraker's Speech Next Monday

Sen. Warner Will Deliver Official Reply of Administration to Flery Ohioan.

Washington, April 16—President Roosevelt's efforts to placate the negro voters and to regain their support for the administration before the election by the passage of a bill allowing the negro soldiers of the Twenty-fifth infantry, who were dismissed dishonorably after the affair at Brownsville, will fail. None of the bills allowing these negroes to get back into the army are to pass in this session.

The Democrats in the Senate notified Senator Aldrich, the Republican leader, that they would agree to the plan to adjourn on Saturday, May 16, provided no efforts should be made to pass any of the Brownsville bills. Senator Culberson, minority leader, told Senator Aldrich in effect that if an effort was made to force either of the Brownsville bills through the Democrats would "talk them to death" and would also kill every other measure the Republicans desired, in endless speeches.

Senator Aldrich agreed that none of the bills should be passed and that they should not be called up at any time, no matter what the administration Republicans in the Senate might desire. This will not be difficult as some senators connected with the Aldrich machine will be able to sidetrack the bill by objections whenever it is taken up.

The season will end on May 16. Many of the leaders preferred to adjourn a week earlier, but the President yesterday pointed out that the conference of governors of all the states, to meet in the White House to discuss methods to improve and strengthen the commercial strength of the country, would meet during the week beginning May 13, and that he had promised that Congress would be in session at that time.

The President urged that the session be carried over, while this conference was in session, and the leaders in the House and Senate agreed to his request.

The failure to act on any of the bills relating to the Brownsville affair will be a serious blow to Secretary Taft's candidacy, according to many of the Republican leaders here, and the impression is that it will strengthen the movement to renominate the President.

Senator Borah, one of the youngest members of the Senate and an admirer of the President, is to reply to Senator Foraker's speech on Monday next. His will not be the regular defense of the administration, however, as Senator Warner, who represents the President on the committee on military affairs, and who accepted the appellation of Senator Benn Tillman as the "spaniel senator," willing to "retrieve" the President's labor bills in the White House, yesterday announced that he would speak on Tuesday.

Senator Warner's speech, it is expected, is to be the official reply of the administration to Senator Foraker and several of the anti-administration men in the Senate indicated that the President would undoubtedly inject a sentence or two of his own into the speech.

WOULD CANCEL THE STANDARD'S LICENSE

Bismarck, N. D., April 16—In an effort to drive the Standard Oil company out of North Dakota, the secretary of state today cited the Oil trust to show cause why its license to do business in the state should not be cancelled. A mass of evidence has been gathered against the trust by agents of the secretary of state.

DECREASE IN NET EARNINGS

New York, April 16—The monthly statement for March of the B. & O. Railway company made public today, shows a decrease in the net earnings. For the month the gross earnings totaled \$5,310,640, as compared with \$6,493,268 a year ago. Expenses have also decreased.

INDIANA YOUTH

Indulged in Chilly Swim and Finally
Eludes Officers After Hit for
Trespassing.

Princeton, Ind., April 16—Rather than submit to arrest for having trespassed upon the Massey Coal company's property, John Crabtree jumped into Patoka river, 200 yards wide and near the freezing point, and swam to the opposite bank.

Officers followed in a boat and were about to lay hands on him when he again jumped in and swam back. Again they nearly had him, when he leaped in, swam to a large log in the middle of the stream, stripped off all his clothes and sat there naked and grinning. Every time an attempt was made to get him he swam away, and at dark last night the officers gave up and left him sitting on the log, his teeth chattering, but he was still grinning. He is 20 years of age.

SECRETARY TAFT

Denies That He Will Resign Im-
mediately After Present Congress
Adjourns.

Washington, April 16—Commenting today on the published report that he intends to resign from the cabinet, immediately after adjournment of Congress, Secretary of War Taft said:

"My resignation immediately after the adjournment is news to me. It is flattering, however, to know that so many kindly intentioned persons are taking such vital interest in my affairs."

TORN FROM HER BABE

ITALIAN MURDERESS IS TAKEN
FROM MT. CARMEL TO THE
PENITENTIARY.

Efforts to Have the Girl Pardoned are
Already in Progress Over the
State.

Columbus, O., April 16—Screaming and crying, Marie Bernardo, the Italian murderess, was taken yesterday in the matron's carriage from Mt. Carmel hospital to the Ohio Penitentiary, to serve out her life sentence, which was interrupted by approaching maternity. Moved by efforts of leading women in Ohio, the authorities had permitted the accouchement to take place in the hospital that the babe might not be born behind prison walls. The young mother had to be torn from the cradle of her offspring. It was one of the most pathetic scenes ever witnessed in Mt. Carmel hospital. An hour had elapsed before the penitentiary deputies succeeded in placing her in the matron's carriage.

Efforts to have the girl pardoned already are in progress in different parts of the state.

KITTIE'S FROM OHIO.
Milwaukee, Wis., April 16—Kittie O'Neill, or Golding, the Milwaukee girl, aged 17 years, who strolled into Cairo police headquarters yesterday dressed in boy's clothing, saying she wanted to see the "boss," left this city two weeks ago. The girl's mother's home is in Dayton, O., from which she ran away to Chicago.

"SKIDOO" NUMBER

UNLUCKY FOR THE NIGHT
RIDERS AS 23 HAVE BEEN AR-
RESTED AT MURRAY.

Nearly All Are Young Boys—Many
Suspects Have Fled Into
Tennessee.

Murray, Ky., April 16—Twenty-three is the number of alleged night riders arrested to date. Nine were brought in yesterday. Most of them are boys from 18 to 20 years old, although one, Thomas McQuiston, a noted character in the county, is 55 years old. Three alleged captains of squads have been arrested. The number is too small to accommodate all the prisoners. Many suspects are said to have fled into Tennessee.

EFFORT BEING MADE TO CLEAN OUT ANARCHISTS

ANDREW J. MCBRIDE
MAYOR OF PATERSON, N. J.

New York, April 17—Every effort is being made to clean out the anarchists in this city, and secret service agents have warrants for the arrest of more than 50 aliens who are known to be associated with the terrorists. This work is being undertaken in conjunction with that of casting anarchists out of Paterson, N. J., where the seditious publication, La Question Sociale, was excluded.

LICKING CO. MAYORS

The Advocate has been printing a series of illustrated sketches under the caption "Licking County Mayors." This series would be incomplete without reference to Oriel C. Jones, mayor extraordinary and magistrate plenipotentiary of Buckeye Lake.

unanimous consent. That he has discharged his duty faithfully no man doubts and that he will be continued in office till the Lake goes dry is conceded on all sides.

The Park is about to open for the season of 1908, and Mayor Jones with his bodyguard, "Buster" will be on hand to set the boats in motion. The mayor intends to keep the park run right up to the handle this year. There will be no Sunday dancing allowed, and everybody caught catching

fish by illegal method will be fined \$30 and costs. The "hid" problem is now receiving attention and a proclamation may soon be issued. No gambling of any form will be permitted, except of course gambling on the green. The word "green" refers to grass not cloth.

Mayor Jones has directed Manager Harris to keep the Park scrupulously clean and the Park Jockey has cheerfully promised to obey. He has also agreed to provide many new innocent amusements for the visitors and to operate his new hotel and dining room to the satisfaction of all. If he doesn't do it, the mayor will take charge of affairs himself.

from the mails and stopped publication two weeks ago.

No more public meetings of the anarchists will be permitted in New York, and Commissioner Huggins has declared that he will put an end to the preaching of the doctrine of the anarchists in this city.

The crusade here was authorized by Secretary Straus, whose agents have been investigating for weeks. Dispatches from Washington say that Mr. Straus has seen to the issue of warrants for certain anarchists whose records have been found such as to call for immediate action against them.

Anarchy and all that it implies is to be effectually rooted out of Paterson. The red flag, emblem of license and passion, will no longer be permitted to haunt its ugly symbolism within the precincts of that peace loving, industrious, but much maligned city. An edict to this effect has gone forth.

LABOR UNIONS OF CLEVELAND FORM NEW PARTY ORGANIZATION

An Active Campaign Will be Conducted for Election of State and County Candidates—Participation in National Politics Will Depend on Action of Unions in Labor Centers.

Cleveland, April 16—Active work for the organization of a new labor party was begun today by the "committee of seven" in whose hands the new movement was placed locally last night by the United Trades and Labor Council, the central labor body of Cleveland. When the vote of the federated unions was canvassed 43 locals voted in favor of the movement and only nine against. Most of the unions which voted to have a strong socialistic membership, which favors the merging of the new movement in the socialist party.

The committee of seven appointed to take charge of the details for organization consists of the leading trades unionist of the city.

Besides holding itself in readiness to affiliate with any national organization which may be formed the new Cleveland labor party will conduct an active campaign for the election of county and state candidates who are pledged to union labor. All candidates for office will be questioned regarding their attitude towards labor and unless the answers are satisfactory the entire labor vote of the city will be used against them. The party will put forward its own candidates for certain offices, but no definite plans have been formed as yet. No city elections are held in Ohio this fall, but full state and county tickets are to be voted for. The participation of the new party in national politics will of course depend largely on the action of union labor in New York, Chicago, San Francisco and other labor centers. The official name of the new party has not been decided.

PRESIDENT EXPECTS TO BE FORGOTTEN

London, April 16—President Roosevelt expects to be forgotten shortly despite the manner in which he has kept himself in the public eye during his career as President of the United States. This is the secret he imparted to Philip E. Laszlo, the noted Hungarian artist, who recently painted his portrait. Laszlo has given his impressions of the American executive to the Pall Mall Gazette. During one of his sittings, Laszlo asked Mr. Roosevelt what he expected to do when he leaves the White House, suggesting that he might go to the Senate.

To this Roosevelt replied, "Impossible."

He added: "I think the people will forget me. The spirit of the American nation changes almost from day to day. In six or seven years the feeling will be different from what it is today. I shall have been forgotten, although I shall never change."

Asheville, N. C., April 16—Dr. C. O. Swinney, formerly of New York, who came here from Marion, N. C., about two weeks ago to see his daughter Nellie, a pretty sixteen-year-old schoolgirl, who is a student at the Normal and Collegiate Institute, called upon his daughter at the college yesterday afternoon, and while the two were alone in one of the reception rooms and Nellie was seated at the piano playing he fired three shots at her and then fired a fourth shot

OAT MEAL KING DEAD AT AKRON

Akron, O., April 16—Ferdinand Schumacher, once many times millionaire and famous as the Oat Meal King, is dead here, aged 86, of old age. He founded the oat meal industry and made a great fortune, but made unfortunate deals which left him comparatively a poor man.

GOVERNMENT

Lays Claim to North Carolina Land
Including Greater Part of Eight
Counties.

Asheville, N. C., April 16—The United States, in a test suit begun by District Attorney A. E. Holton, claims title to all the extreme western portion of North Carolina, a territory including the greater part of eight counties, many towns and villages, and 100,000 population, and a tremendous population results, since the claim came like lightning from a clear sky.

Among those who occupy the land in dispute are four railroads, mining companies, big timber interests, the Toxaway hotels and property owned by Pittsburgh millionaires, who built their artificial lake miles in length and breadth, and the greatest part of George W. Vanderbilt's Pisgah forest.

WORST IS OVER

Great Damage Has Resulted from the
Missouri River Floods—Many
Buildings Swept Away.

Helena, Mont., April 16—It is believed today that the worst of the flood in the Missouri river is over and Great Falls and the big smelter there will be saved from serious damage. The Missouri river is rising but slowly, and the dynamiting of Black Eagle dam seems to have relieved the situation. The loss is estimated from \$500,000 to \$1,000,000. The heaviest loss was at Craig, where many buildings were swept away.

RIOTING CONTINUES

WHEN CHESTER STREET RAIL-
WAY CO. ATTEMPTS TO
OPERATE CARS.

Troops May be Called Out if Police
Are Unable to Quell the
Disturbance.

Chester, Pa., April 16—Serious rioting marked the attempt of the Street Railway company to operate its cars today with strike breakers imported from New York. A score of fights followed the appearance of the cars as a result of which one strike breaker and a special officer were badly wounded and were taken to the hospital. Ten others who were beaten and clubbed have also been taken to hospitals. The police have been ordered to quell the disturbance at any cost, and if they fail troops will be called.

President Rigg of the Interstate railroads said: "We will not treat with representatives of the union; neither will we hold conference with the local men." Mr. Rigg said that Chester police protection was not sufficient. It is expected that the first division of the state constabulary will be in Chester this afternoon. An attempt was made today to blow up a car with a dynamite bomb. It failed.

AGREEMENT REACHED

Between Miners and Operators at To-
ledo Conference—Work to be
Resumed Monday.

Toledo, O., April 16—With a 90 per cent wage scale and a two year contract agreed upon between the miners and operators, a subcommittee composed of two miners and two operators from each state is today working out the details of an agreement. Minor local differences will be left for settlement to the respective districts. It is certain that a joint conference will ratify the agreement Friday. The indications are that the joint conference will complete its deliberations Friday and adjourn. Resumption of work in the mines is expected Monday next.

HOUSE KILLS BILL

Columbus, O., April 16—The House today killed by indefinite postponement, a bill which sought to have election ballots preserved 30 days by boards of election for judicial review.

HOBSON IS KEPT BUSY

Custodian of President's Interests Drags Out Lurid War Cloud

United States Spends More for War Preparations Than Any Other Nation.

Washington, April 16—By an overwhelming majority the House of Representatives yesterday afternoon rejected the President's recommendation, made on several occasions during the session for an appropriation for battleships. Its action was inevitably foreshadowed by the unfriendly reception accorded the special message he transmitted to Congress, and the House seemed to take keen delight in sustaining the committee on naval affairs, which had recommended the construction of but two battle ships.

When this provision of the bill was reached the hero of the Merrimac, Richard Pearson Hobson of Alabama, who was the custodian of the President's interests, offered his amendment doubling the number of this type of fighting vessels. On a rising vote the chair counted 79 in favor of the amendment and 190 opposed to it, and cheers greeted his announcement of the vote.

Hobson then demanded that the vote be taken by tellers, and the majority was even greater, for only 82 sustained him, while 199 stood out against the President's program. Another demonstration followed the second count.

Numerically more Republicans than Democrats voted against the President, although the percentage on each side was about the same. Every one of the Republican leaders and John Sharp Williams, the minority leader, and his chief lieutenants, joined in the merry and jubilant throng which repudiated Hobson's amendment. Only three Ohio men, Longworth and Kennedy, Republicans, and Anshberry, Democrat, voted for four battle ships, while all the others present voted against them.

The Buckeyes seen passing through the line with a majority were Burton, Keifer, Cole, Mouser, Goebel, Howland and Laning, Republicans, and Sherwood, Denver, Ashbrook and Tou (Continued on Page 8, 3rd Col.)

Engine Breaks Down and Craft is
Tossed About by the Wind—Res-
cued by Fishing Tug.

Sandusky, O., April 16—Franz Ziegler, leader, and ten members of the Ziegler-Howe orchestra of Columbus, narrowly escaped drowning in Lake Erie Wednesday afternoon. They were at the mercy of waves swept high by a fierce gale, in a disabled boat for some time, and only their timely discovery by rescuers saved them.

The party put out from here in a small boat bound for Kelly's island, 10 miles away, where they were billed to give a concert. The entertainment was to have taken place Wednesday evening, under the auspices of a literary society.

When the boat had reached a point just outside the bay, where it was exposed to the gale that was blowing, the engine broke down. The craft and her crew were entirely helpless. The strong wind caught the boat and swept it along, but it did not capsize. Fortunately the boat was driven in the direction of Kelly's island and it rode the waves in safety until it was sighted from the shore. Rescuers put out in a fishing tug and took the passengers and crew to a place of safety.

CATHOLIC PROCESSIONS

HISTORY OF THEIR ORIGIN AND NOTED ONES OF BIBLICAL TIMES.

They Are Living Sermons by Which We Are Taught to Follow the Footsteps of Christ.

The procession in which the Catholics of this city will take part on Good Friday, April 17, suggests that an article on this subject instructive and useful, might be read with interest. Processions are solemn marches of the people and clergy for the purpose of honoring God in a special manner either by prayer or sacrifice, or in memory of some great event that redounds to His glory. They are also symbols of the life of man on earth which is referred to in Holy Writ as a pilgrimage. Their antiquity goes back as far as history, and the Scriptures give us accounts of several very imposing processions. Thus in II. Kings 6, we read of the grand procession which was conducted by David when he removed the Ark of the Covenant from the house of Abinadab to that of Obededom, and the still more imposing procession by Solomon when he removed the Ark to the temple of Jerusalem, of which we find a history in III. Kings, chapter 8. (Besides these read Exod. 15; Judith 15 and 16; Esther 4; Jael 2, etc.)

Coming down to Christianity we have the history of several great processions which were conducted annually in the churches and to holy places in every country throughout Christendom. We have them in almost every church and chapel of our own country in honor of the Real Presence of Christ in the Blessed Sacrament or in honor of the various stages of Christ's sufferings and death; and it is to honor the latter that the proposed procession will occur if the weather permit it.

When properly conducted, processions must produce salutary impressions on the minds of the people who participate in them, because they are a picture of the life of man past, present and future. We come from God and we are again journeying towards Him and this fact is brought out forcibly by the procession which first of all starts from the church where God dwells, and again returns to the church as to its terminus. The cross which is the symbol of our redemption and the standard of Jesus Christ, is carried at the head of the procession, forcibly reminding us of the words of our Lord, “Unless you take up your cross and follow me, you cannot be my disciple.” “I am the way, the truth and the life. He that followeth me, walketh not in darkness.” It also recalls the words of St. Paul which every true Christian should be proud to proclaim: “God forbid that I should glory in aught save the cross of Christ by which the world is crucified to me and I to the world.” In fine, processions are living sermons by which we are taught to follow in the footsteps of our Divine Master, bearing like Him our cross with the hope of a future immortal life in union with Him in the Kingdom of Heaven.

In the event that the weather be inclement and unsuited for the proposed outdoor procession, the stations of the cross will be performed in St. Francis de Sales church at 3 p. m., and the sermon preached there immediately after.

EASTER TIDE

A Festival of Great Rejoicing is More Elaborately Observed Each Recurring Season.

Tiny chicks, eggs, rabbits, all the fancies and conceits of Easter tide now appear in the show windows and remind the passer-by that the big spring time festival is the next event of importance.

As more and more is made each season of the Christmas celebration so does the Easter holiday come in for increased elaborate observance each recurring season. Easter, too, has its own distinctive features. Just as we associate holly and mistletoe with Christmas, we think of lilies fair and bright hued blossoms, with spring time festival, while the interest of the wee folks is centered in the gifts that the rabbit is popularly supposed to leave at each home that shelters happy youngsters.

Easter is peculiarly a festival of great rejoicing, it is as though the human heart had undergone the same revivifying influence that has awakened all the earth to new life and joy.

So the symbols of Easter tide greet us on every hand and no one special holiday is fuller of more beautiful and poetic suggestions than the day on which we celebrate the awakening of the Lord and the emergence of the world from the grim hold of the bondage of winter.

To make hair grow or money back
What Parisian Sage did for Chas. S. Baker, it will do for you. Read the following:

“I was so bald and such a shining mark for my friends that I, as a last resort, tried your Parisian Sage (after trying several bottles of the highly advertised and high-priced so-called hair restorers) and I am glad to say I now have a heavy growth of new hair. I am now 44 years old and I have a heavy growth of new hair after carrying my shining mark for over seven years. I gladly recommend Parisian Sage to all afflicted with baldness.” Chas. S. Baker, 491 Main St., East, Rochester, N. Y.

It is the most delightful hair dressing made, and is a great favorite with ladies who desire beautiful and luxuriant hair. Price 50 cents a bottle at T. J. Evans' drug store, Warden Hotel block, or by mail charges prepaid from Giroux Mfg. Co., Buffalo, N. Y.

There is quite a difference between breezy conversation and hot air.

Police Arrests Fighters.
Officers Swank and Brown arrested Eli Popi at the American Bottle company's plant this morning and a charge of fighting was placed against him. He was taken to the city prison by Wagonman Brooke, and his trial is set for this afternoon.

Given Thirty Days.
Ralph Burk who was arrested in Columbus for the stealing of a bicycle belonging to R. E. Ford, 421 Central avenue, was returned to this city yesterday evening by Chief Ziegler. He was tried this morning and being found guilty was given 30 days in jail.

Water Pipe Burst.
A six inch pipe of the old water works company, at Granville and Eleventh streets, burst Wednesday near the leak which was sprung in the new company's line Monday. The blowout on the "T" joint Monday was said to be due to the formation of an air pocket.

Gets Decorating Contract.
Mr. C. E. Lane, a well known decorating artist whose home is in Pataskala, was in the city Thursday en route home from Zanesville, where he has just secured the decorating of the Shultz opera house. Mr. Lane is an expert workman and has been employed at his trade in various parts of the United States on big jobs.

Newark Masons at Columbus.
Quite a number of Newark Scottish Rite Masons went over to Columbus Thursday afternoon to witness the special exemplification of the Rite of Croix degree, in which the "Passover" will be worked in amplified form. It is said that the musical program is the finest ever gotten up for an occasion of this kind. Among those from the city who went over were W. M. Cunningham, L. P. Schaus, J. L. Burgess, C. L. Flory, A. L. Rawlings and others.

Aid for Coal Miners.
C. E. Hill of Green Valley, Perry county, arrived in Newark Thursday for the purpose of calling upon a number of citizens in behalf of the coal miners of his section. Mr. Hill called upon Mayor Atherton, showed him his credentials and secured permission to solicit aid from the citizens of Newark. There are only eight families in Green Valley needing help who were able to leave home alone. Since Christmas the men have had only two days' work, and their funds have become wholly exhausted.

Easter Flowers.
Scarcely anyone wishes to be without them. A simple little center piece on the breakfast table gives your appetite a keener edge. Those shoes and oxfords that Howell Sheldon sells for \$2 and \$2.50 give you the same satisfied feeling, and you save enough to pay for the flowers; 32 North Fourth street.

Easter Eggs.
For Easter we must have eggs of some sort. We have grown accustomed to them, as we have to the Christmas tree at our winter holiday. If we have got tired of the hen fruit we take to candy. We also like something new to wear. Those shoes and oxfords of Howell Sheldon's for \$2 and \$2.50 are handsome, good wearers, and a dollar or more saved. No. 32 North Fourth street.

Presented With Rocker.
The members of the Buckeye Band gathered at the band rooms on East Church street Wednesday night and proceeded to the home of Mr. and Mrs. Roy Shirer where they surprised the couple. Presented them with a fine rocking chair and were delightfully entertained for their pains. Mr. Shirer is a trombone player in the band and is also in charge of one of the departments of the Griggs store.

Has Role in New Production.
Miss Winifred Virginia Drayton, of Winnipeg, Ontario, Canada, is the guest of her aunt, Mrs. Mabel Hughes, of Maiden avenue, East Newark, for a few days. Miss Drayton is an advanced pupil in the New York Academy of Dramatic Art and will complete her course in the institute in June, in time to accept a principal role in a new musical production to be put out by B. C. Whitney next season. The young woman has been meeting with remarkable success in her studies and authorities have recently commended her ability very highly.

Will Be Success.
Judge E. M. P. Brister, who was recently elected President of the First Chancellor Pythian Association for the Nineteenth Ohio District, which is composed of the counties of Lick-

ing, Coshocton, Muskingum and Guernsey counties, says that the approaching session of the Chancellors' Association to be held in this city on May 7, promises to be a grand success.

PUT FAITH IN STRANGER.
Springfield, O., April 16.—Mrs. Joseph M. Normand, a widow, made the discovery that she had been fleeced out of several hundred dollars' worth of jewelry, among which were heirlooms, and a \$500 mortgage on property by an alleged pension agent. She supposed the jewels and mortgage were in a safe deposit box, but the key left with her by the man refused to unlock it.

POSSE
Organizes and Starts After Supposed "Yegs" Thought to Have Robbed Postoffice.

Sylvania, O., April 16.—Following the suspicious actions of two rough looking characters who jumped from a Toledo and Western car and headed for the woods near here early today, a posse was organized and started in pursuit. The men are supposed to be "Yegs" who robbed the post-office at Jasper, near Adrian, Mich. The Jasper post-office safe was blown this morning and \$144 in money and \$240 in stamps taken.

BATTLESHIPS

WILL BE EQUIPPED WITH STEEL

NETS TO PROTECT TORPEDO

ASSAULTS.

Tests Made Prove They Can be Used

Advantageously With Ships, at

Full Speed.

Newport, R. I., April 16.—As a re-

sult of tests made yesterday at Nar-

ragansett Bay, battleships of the

United States will soon be equipped

with steel nets which it is claimed,

will protect warship absolutely from

torpedo assaults. As fast as the nets

can be turned out they will be placed

on cruisers and other vessels of the

navy. Yesterday's tests made by naval

officers is regarded as very satisfac-

tory. Two launches held the net sus-

pended and the torpedo boat Morris

was brought into play. Running at

full speed it discharged a Whitehead

torpedo within 800 yards at the net.

The torpedo struck the steel screen

fairly, then bounded away harmles-

sly. The net was not damaged in the

least. It is claimed that the nets may

be used while warships are going at

full speed, without lessening their ef-

fectiveness.

The members of the Whatsoever,

Sunshine and Brightening, circles of

The King's Daughters are earnestly

endeavoring to secure a fund sufficient

to support a district nurse in Newark.

NEW CEMETERY MAP

Being Made by Fred Carlisle—Lots

Will be Rearranged Not to In-

terfere With Driveways.

Engineer Horace Smith is now en-

gaged in tracing the boundaries of

extensions to Mt. Calvary cemetery,

extending the burying territory from

the original plat drawn by Engineer

Webb, the father of the late George

Webb, in 1879.

The drawings of the extension be-

ing made by Fred Carlisle, of the

city engineer's office, when completed

will cover a map 9 feet long, being

made on a scale just twice that used

in the original drawing.

It seems that since the platting of

the cemetery and the arrangement of

streets and drives the proper burying

boundaries have been lost and in

several instances lots have been sold

which really occupy a part of the

street way of the cemetery.

The addition of the new territory

will, however, rearrange matters so

that the lots will remain the same

and not interfere with the streets.

HIDDEN DANGERS.

Nature Gives Timely Warnings That

No Newark Citizen Can Afford

to Ignore.

DANGER SIGNAL NO. 1 comes

from the kidney secretions. They will

warn you when the kidneys are sick.

Well kidneys excrete a clear, amber

fluid. Sick kidneys send out a thin,

pale and foamy, or a thick, red, ill-

smelling urine, full of sediment and

irregular of passage.

DANGER SIGNAL NO. 2 comes

from the back. Back pains, dull and

heavy, or sharp and acute, tell you of

sick kidneys and warn you of the ap-

proach of dropsy, diabetes and

Bright's disease. Doan's Kidney Pills

cure sick kidneys and cure them per-

manently. Here's Newark proof:

C. E. Walton, 129 Valendingham

street, Newark, O., says: "A few years

ago I gave a statement setting forth

the merits of Doan's Kidney Pills and

at the present time, I gladly confirm

that testimonial. Prior to using this

remedy my kidneys were inactive for

a number of years and caused dull

pains across the small of my back

which often changed to sharp

twinges. The constant standing nec-

essary in my occupation greatly ag-

gravated my trouble and at times I

suffered misery. Hearing of Doan's

Kidney Pills I procured a box at

Crayton's drug store, started taking

them and they quickly banished every

sign of my trouble. I think very

highly of Doan's Kidney Pills and am

constantly recommending them to

other sufferers."

STILL WELCOMING

PACIFIC FLEET

San Diego, Cal., April 16.—South-

ern California is not yet tired of wel-

coming the fleet, and nearly as many

crowded the beach today as yester-

day. The principal events of today

will be a regatta in which crews from

the warships will participate, and

held sports. Tonight the feature will

be a grand fire works display.

When the members of the senate

took an invoice of legislation this

week there was wrath in the upper

chamber. They found that during

the three months and a half the legis-

lature has been in session, 897 bills

have been introduced, and 74 have

passed and been signed by the gov-

ernor up to April 10. Of this num-

ber 15 originated in the senate and

59 in the house. In addition 240 have

been reported by committees and are

awaiting their fate at the hands of

the two houses. The remainder, about

670, are either still buried in com-

mittees of have been lost by the way-

side. This so angered the senators,

for they saw that the Republican

house was deliberately playing "shin-

ny" with bills passed by the senate,

that they determined on a course of

retaliation. It didn't look to them

like a "square deal" that the house

should have enacted only 15 of the

bills passed by the senate while the

senate had passed 59 of the houses'

measures, so they adopted by com-

mon consent a plan to rebuke the

house for its manifest unfairness.

Although the senate calendar is full

of house bills, the house has taken no

more notice of bills that are half

enacted than at the beginning of the

session. The senators could see that

the house calendar is lumbered up

with house bills and that most of the

bills passed by the senate are being

strangled by the house committees to

which the same were referred. This

is why the senate departed from the

regular order of bills on the calendar

and called up only bills originating in

the senate, leaving the house bills

untouched. By adopting such tactics

the senate passed 14 of its own bills

and fired them into the house in one

day and will pursue that course until

the house shows same inclination to

play fair.

Senator Schmidt's bill relating to

the renewal of street railway fran-

chises, which is opposed by former

Governor Herrick, had to run the

gantlet of a hearing before the gov-

ernor to become a law. This was an

other exhibit of the evil that lurks

in the veto power of the governor. It

means legislation by one man, who is

chosen to enforce laws enacted by 160

men in the general assembly. Mayor

Johnson was among those who ap-

peared before the governor to urge

the signing of the Schmidt bill, and

it was Mayor Johnson who insisted

that the Democratic convention in

1903 endorsed the constitutional

amendment to give the governor veto

power. By the governor's delay in

signing the Schmidt bill, the fran-

chises of the Little Consolidated com-

pany, known originally as the Hanna

streetcar lines, which expired at noon

Tuesday, can be renewed now only by

a referendum vote of the people under

an amendment inserted in the

Schmidt bill by the house, and accept-

ed by the senate. The filing of a brief

with the governor by the interests op-

posing the bill portends that the

whole matter will go into court.

KNIGHT RANK

CONFERRED BY GRANVILLE TEAM ON SUPERINTENDENT OF PUBLIC SCHOOLS.

Former Denison Man Will Make Study of Educational Problems in China.

Granville O. C. of the Aitamaha Lodge, No. 280, Knights of Pythias, held an unusually large and interesting meeting in their beautiful hall in Granville Wednesday night. The special interest of the meeting was the conferring of the Knight rank on Professor Clemens, Superintendent of the Granville public schools. There was a large attendance of Knights and visiting members, and the meetings was an exceedingly interesting one. The work was put on by the fine drill team, and Chancellor Commander Goodrich, assisted by the other officers of the lodge and the drill team and by Past Chancellor Perry Pratt, of Newark. At the close of the work a social session was had and short addresses were made by Brothers E. M. P. Brister, Perry Pratt, Professor Clemens, W. A. Mitchell and others, after which refreshments were served. Aitamaha Lodge is going to take a very pleasant excursion to Columbus Thursday night to witness the conferring of the Amplified Third rank by Champion Lodge of that city and a grand time is expected.

After the first lot of catalogues for Denison University for 1907-'08 were distributed a correction was made in the calendar to conform to a previous order of the faculty which had been overlooked. Beginning with September, 1908, the dates should read as follows: Examinations for admission September 16; opening of first semester, September 17; Day of Prayer for Colleges, January 28, 1909; Mid-year examinations, February 9; second semester begins February 9; spring recess, April 1-7; Commencement June 17. This means that the coming summer vacation will be one week longer than usual, throwing the opening and closing dates of the next college year one week later.

Word has been received here that Dr. Ernest D. Burton, '70, has been selected by the University of Chicago to make a study of educational problems in China. He will sail in July and will spend a year or more in his investigations.

Mr. and Mrs. Milton Henry of London, O., who have been visiting friends here for the past few days, returned home Thursday.

Grove B. Jones, Denison '98, son of Mr. and Mrs. B. I. Jones of this place who is connected with the Bureau of Soils at Washington, D. C., is now lecturing before institutes in Oklahoma.

Miss Farrar is enjoying a visit from her mother, who expects to spend the remainder of the year in Granville.

On Monday and Tuesday of next week will be held in the Presbyterian church of this place the annual spring session of the Zanesville Presbytery which consists of six counties.

Mr. and Mrs. Henry Grant of Toledo after a short visit here with friends, returned home Wednesday night.

Your correspondent got things a little mixed regarding the sending of a team by one of the University literary societies. It was stated that Cicero would send a team. This is a mistake. The team will be sent by the Calhoun Literary society.

FINE ART DISPLAY

Water Color Pictures, Easter Cards, and Attractive Novelties Shown by Mrs. Parker Bolin.

One of the finest art displays ever seen in Newark, was that made by Mrs. Parker Bolin of Zanesville, at the home of her sister, Mrs. F. J. Hauch, 273 West Locust street, on Wednesday afternoon and evening. The display was very beautiful, and consisted of water color pictures, Easter cards and handsome and attractive novelties. During the hours, both afternoon and evening, the rooms were crowded with friends of Mrs.

Bolin and admirers of her artistic work. The pictures were arranged in order on the walls, those of still life and den pictures and scenery being placed by themselves, while those of landscape and fruits were by themselves. Many of the pictures were painted from life.

Two pictures that attracted special attention were those of an Indian's head and the head of a Shiek. Some Japanese scenery also attracted a great deal of attention. The work was greatly admired; the conception being very artistic and the execution fine and true to nature. During the hours ladies served light refreshments.

Neighborhood Favorites.

Mrs. E. D. Charles, of Harbor, Maine, speaking of Electric Bitters, says: "It is a neighborhood favorite here with us." It deserves to be a favorite everywhere. It gives quick relief in dyspepsia, liver complaint, kidney derangement, malnutrition, nervousness, weakness and general debility. Its action on the blood, as a thorough purifier makes it especially useful as a spring medicine. This grand alternative tonic is sold under guarantee at F. D. Hall's drug store, 50c.

LOCATION MAKES VALUE

The most important item in the construction or purchase of your home is its location. It costs no more to build on one lot than on another, and thoughtful observation will convince you that the dearest thing you can buy is a cheap lot.

Real values are found in property like my addition at the corner of Church and Eighth streets. Central and in good residence district. We are now ready to sell lots with or without houses. Lot prices range from \$500 up to \$2,300. This includes cement walks, gas and water to property lines, lots graded, Mound street and Mound Court will be paved.

A few reasons why you should get a lot or house and lot in this addition:

1. Convenience of location.
2. Proximity to public square and factories.
3. Street car service.
4. Close to church and school.
5. Good neighborhood.
6. Real value is gilt edge.
7. Will grow more valuable every year.
8. Paved streets.
9. Good modern houses.
10. There is no place in Newark where you can get as much for your money.

NEWARK MEN'S PATENT

Automatic Danger Signal by Which Trainmen Can be Notified of Dangers Ahead.

Charles D. Dearduff and Bernard McDonough have just received a patent on their Automatic Danger Signal apparatus. The invention relates to an apparatus for minimizing casualties in the operation of railways. The invention has for its object the warning of an engineer, motorman or other operator of car or train, whether driven by steam or electricity, or other motive power, of impending danger, thereby averting a wreck, collision or injury to the rolling stock, and the passengers and goods carried. The patentees claim for their invention that it is of special advantage when the usual signals are obstructed by darkness, smoke, fog or other obstruction, or by failure of the usual track signals to work, or in case of the engineer or motorman being asleep or dead, or otherwise engaged, as is often the case. It is claimed that the apparatus will automatically notify the fireman or conductor the condition of the engineer or motorman or other attendants of the car or engine. It is also claimed that if the operator of a tower or station has given wrong orders he can stop the train or car by signalling to the engineer or motorman. It is said that the invention is of special advantage in preventing accidents at road crossings, as the apparatus automatically blows a whistle at the approach of these dangerous crossings, without the aid of the engineer or motorman. The apparatus is so constructed that it can be conveniently placed on any locomotive

or interurban car at a very small expense.

The inventors of this wonderful device are well known Newark men. Mr. Dearduff is a skilled machinist and was employed at the McNamara works for eighteen years and is now with the American Bottle company. Mr. McDonough is a well known glass worker and is employed at the same place. Mr. Dearduff says that they have received a number of good offers for their invention but that they have not yet decided what they will do.

DRUNKEN

Man Invades Home of Mrs. Elizabeth Atherton on North Gay Street Wednesday Night.

Mrs. Elizabeth Atherton, 187 North Gay street, was given a bad fright Thursday night, when a stranger came parading into her home and made himself comfortable in a chair in the parlor. Mrs. Atherton never saw him before, and as he was very much "under the influence," she cried at the top of her voice for help. Mr. James Wilson, the well known grocer, heard her screams, and responded, ejecting the man.

When he learned the cause he ran out of the house and held him until the patrol with officers arrived. The man was a bad actor and Mr. Wilson was forced to knock him down before he would quietly submit to arrest. He was given the usual fine for drunks and disorderly this morning.

11 SOUTH PARK PLACE

RAIN

PREVENTED NEWARK-ZANESVILLE GAME—PLAYERS IN GOOD SHAPE.

AT ZANESVILLE TODAY

And the Infants Here Saturday—Berryhill Won't Work the Players Hard.

Thirteen men and room 23 at the Solter hotel was a combination too strong for the players of the Molders to overcome and old "Jupiter Pluvius" cut loose the water in big quantities and as a result there was nothing doing in the ball line at Wehrle park Thursday afternoon.

Zanesville came to Newark full of confidence that at least three of the four games scheduled were booked to land in infant town, and the directors of the team from Muskingum county fully agreed with Manager Marty Hogan, but Berryhill, the astute manager of the Molders, does the results out in a different manner.

Tuesday was a continuation of sun and clouds, but not until time for the game did the rain come down. When it did begin dropping it came in sheets and soon the diamond was flooded. Possibly two dozen fans went to the park intent on seeing the game if there was any possible chance for having one played, but a second deluge put "a crimp" in all their hopes.

The Molders were feeling fine and after their short illness were on their feet and bound to win if such a thing was possible. However, they were compelled to stave off their wishes until today, and shortly before noon Berryhill took the bunch, less about six men left behind for practice, and went to the home of the Infants.

While Berryhill would like to win the games played with Newark's old rival, yet he will not take chances on injuring any of his men, and none of the Newark players will be worked hard before the opening of the regular league season. Frank Locke, who has been unable to report on account of the illness of his little child, came to Newark yesterday and was ready to play the game of his life.

He will play the middle field today for the Molders. The probable lineup for today is: Abbott rf, Snyder lf, Locke cf, Wratten 3b, Gygli 1b, Murray 2b, Dowling ss, Winters and Williams c, Locke, Moore, Kelly p. The Zanesville lineup may be Blount, rf, Miller lf, Smith 3b, McClosky 2b, Lloyd ss, Swartling 1b, Saveland 3b, Popbam c, and Jaurick p.

COURT NEWS

Granted Divorce.

The divorce case of Jessie May Williamson vs. Ora J. Williamson, was heard in the Probate court Thursday. The parties are young married people living in this city. They have been married four years and have on child 16 months old. At the hearing Thursday no defense was made. Plaintiff charged her husband with gross neglect of duty and extreme cruelty claiming that he did not furnish her or the baby with sufficient clothing. The court on hearing the evidence, gave the plaintiff a decree of divorce, the personal property and the custody of the child.

Common Pleas.

Geo. W. Beall vs. Wm. Clay Cochran et al, judgment of dismissal, the parties having settled the controversy, without trial. The suit was filed to set aside a deed from William Clay Cochran, Norpell & Norpell, Stassel.

In the matter of the estate of Jas. T. Maholin, deceased; exceptions to account, the matters in relation to the exceptions having been settled the account was approved by consent. Hunter, Swartz, Jones & Jones; Follet & Follett.

Jane Lewis et al vs. Eric Owens, argued and submitted to the court; a proceeding in error from the Probate court, involving the restoration of an adoption record. Swartz, Fulton & Fulton.

Joint Ditch Session.

A joint session of the commissioners of Fairfield and Licking counties was held here for the purpose of going over the big \$50,000 Busch ditch. Quite a number of the property owners along the line of the proposed improvement were present, and from the tone of the testimony offered, it seems that all are not entirely satisfied with the plans of the engineer. After going into the matter at some length further action was postponed until June 16.

ORPHIUM THEATRE.

Clever vaudeville has reached its acme in the performance given at the Orphium. The scenic environments are all very attractive and acting is of the highest grade. Especially Mortimer Bassett's clever imitating. The Avolettas are also very clever, their work bordering on sensationalism. For tomorrow evening Mr. Lawrie has sent to Springfield, O., and secured Master Bertrand the flute soloist, a very clever little artist. From Columbus he has secured Miss Edna Spooner, a singing and dancing soubrette. Two from the city have been secured also, making a big bill.

Manager Lawrie's rainy trip to Columbus Wednesday was productive of good results for the Friday night amateur bill.

Master Harold Bertram, a clever young flute soloist, from Springfield, will head the amateur bill, while Miss Edna Spooner, a charming singing and dancing soubrette of Columbus, will also appear here at both Friday night performances.

The local feature of the bill will doubtless be Mr. William Buchanan, better known in private life as ex-Dog Cather William Muldoon. Mr. Muldoon will introduce a number of his imitations in an effort to capture the prize.

Manager Lawrie has his tickets all ready for the Saturday crowd of ladies. He says that someone is certain to get that \$10 hat. The drawing will take place on the stage at the last show of the evening, before witnesses whose veracity is above question.

INTERURBAN CAR

Is Wrecked Near Indianapolis and a Number of Persons Are Injured.

Indianapolis, Ind., April 16.—Sid Conger, state oil inspector, T. E. Goodrich of Shelbyville, and Theodore Eck of Greensburg, were seriously injured today when an in-bound Indianapolis and Cincinnati traction car jumped the track outside the city. Twenty-five other passengers were also injured. The car plowed through 100 feet of earth and turned over on its side, wrecking it completely. The air brakes refused to work when approaching a switch.

More proof that Lydia E. Pinkham's Vegetable Compound saves women from surgical operations. Mrs. S. A. Williams, of Gardiner, Maine, writes:

"I was a great sufferer from female troubles, and Lydia E. Pinkham's Vegetable Compound restored me to health in three months, after my physician declared that an operation was absolutely necessary."

Mrs. Alvina Spierling, of 154 Claybourne Ave., Chicago, Ill., writes: "I suffered from female troubles, a tumor and much inflammation. Two of the best doctors in Chicago decided that an operation was necessary to save my life. Lydia E. Pinkham's Vegetable Compound entirely cured me without an operation."

FACTS FOR SICK WOMEN. For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

OBITUARY

WILLIAM PHILLIPS.

William Carl, the seven year old son of William and Altha Phillips, died at the home of the parents, 78 Vine street, about 6 o'clock Thursday morning after an illness of ten days with spinal meningitis, following an attack of measles. Mr. Phillips moved his family here from Madison township about six weeks ago, and since their removal here their five children have suffered with measles, four of whom recovered. The funeral services will be held at the United Brethren church, East Main street, Friday afternoon at 2 o'clock, and will be conducted by the Rev. Mr. Walker, pastor of the Licking Circuit, and the Rev. Mr. Tryon, pastor of the East Main street church. The interment will be made in Cedar Hill cemetery.

JAMES ALLEN PEASE.

James Allen Pease, aged 21 years, 11-months and one day, died at the home of his parents, Mr. and Mrs. William Pease, of Channel street, North Newark, Wednesday morning at 8 o'clock after a long illness with tuberculosis.

The funeral will take place Sunday, although the exact hour has not yet been set. Interment will take place in the Fredonia cemetery.

The deceased is survived by his parents and the following brothers and sisters: Mrs. J. P. Trickey, of Buena Vista street; Harry Pease, residing on North Fourth street; Miss Bessie, and Ben and Floyd, all residing at home.

A \$24 PENSION IS JUST SECURED FOR JESSE REESE

A message from Washington says that Congressman Wm. A. Ashbrook has just secured another pension for a Licking county soldier, Jesse T. Reese, 72 Moul street, Newark. By reason of Mr. Ashbrook's activity in behalf of Mr. Reese, his pension is increased from \$10 to \$24 per month. Ex-Congressman Smyser introduced a bill for Mr. Reese but it died before passage. Now Mr. Ashbrook has had the bill passed.

CHAS. A LEE IS TO MARRY A KANSAS GIRL

The following message will be of interest to the many Newark friends of Mr. Charles A. Lee, who formerly lived on North Fourth street, Newark. Mr. Lee now holds a responsible place in the H. D. Lee Mercantile company at Salina, Kas.

Great Bend, Kan., April 16.—The engagement of Miss Grace Moses, daughter of Mr. and Mrs. E. R. Moses of this city, and Mr. Chas. A. Lee of Salina, was announced at a small dinner party given last night at the Moses home. Mr. Lee is a nephew of H. D. Lee of Salina. Miss Moses is a graduate of the musical department of the State University and is a very popular young lady. She has a wide acquaintance in Topeka and Kansas City. Mr. Lee is the son of the late Wm. D. Lee and formerly lived in Newark, Ohio.

EASTER SUNDAY IN ROME.

Magnificent Ceremonies in St. Peter's Commemorate the Risen Christ.

In Rome, as might be expected, Easter Sunday is celebrated with elaborate ceremonies. The day is ushered in by the firing of cannon from the castle of St. Angelo, and about 7 o'clock carriages with ladies and gentlemen are beginning to pour toward St. Peter's. That magnificent basilica is richly decorated for the occasion, the altars are freshly ornamented, and the lights around the tomb and figure of St. Peter are blazing after their temporary extinction.

According to usage, the pope officiates this day at mass in St. Peter's, and he does so with every imposing accessory that can be devised. From a hall in the adjoining palace of the Vatican he is borne into the church under circumstances of the utmost splendor. Seated in his sedia gestatoria, his vestments blaze with gold. On his head he wears the tiara, a tall, round gilded cap representing a triple crown, which is understood to signify spiritual power, temporal power and the union of both. Beside him are borne the flabelli, or large fans, composed of ostrich feathers, in which are set the eye-like parts of peacocks' feathers, to signify the eyes of vigilance of the church. Over him is borne a silk canopy richly fringed. After officiating at mass at the high altar the pope is, with the same ceremony and to the sound of music, borne back through the crowded church to the balcony over the central doorway. There, rising from his chair of state and enveloped by his principal officers, he pronounces a benediction, with indulgence and absolution. This is the most imposing of all the ceremonies at Rome at this season. On the evening of Easter Sunday the dome and other exterior parts of St. Peter's are beautifully illuminated with lamps.—New York Herald.

BAD BUNNY'S PUNISHMENT.

African Legend Tells Why the Rabbit Has a Hare Lip.

The rabbit, which, as every one knows, lays beautiful colored candy eggs at Eastertime, does not do so in America alone, but all over the world. Bunny has been associated with Easter, the resurrection and spring feasts from time immemorial.

Several well authenticated stories are extant to account for this. One hails from South Africa. According to African legend, many centuries old, the rabbit once lived in the moon. You can see his shape on its surface still if you use enough imagination. The moon once said to the rabbit:

"Our lord the moon sends you word that even as I die each month and rise again, so shall they die and rise again."

"Now, bunny was possessed of a somewhat weird sense of humor, combined with a leaning toward atheism, so he gave the earth folk the following message:

"Our lord the moon sends you word that even as he shall die and shall not rise again, so shall you die and rise no more."

The rabbit went back to the moon after delivering this word of hope and repeated the joke. The moon, in anger at such disobedience, snatched up a hatchet and cut the rabbit's lip open. Bunny hid in fear to the earth and hid in a hole. He has been timid ever since.

If you doubt the truth of this veracious tale, examine the mouth of the next rabbit you see. You will find his upper lip is split. Isn't that good enough evidence for any one?—New York World.

NOVEL EASTER FAVORS.

Rabbits and Chickens Easily Made Out of Peanuts.

Do you want to make peanut rabbits or chicks for Easter greetings? If so, it is very easily done.

For the rabbit's ears and tail use little pointed bits of paper, which can be glued on. Sometimes you will find the rabbit already has a tail, and you will not need to supply one. The rabbit will stand up very easily after you have given him his feet because there are four of them. The feet and the eyes are made just as they are made for peanut people.

The little chicks need only feet and eyes, but as they have only two feet they will not stand as easily as the rabbits. To make them stand take a small square piece of a visiting card an inch or less square, and when you give the chick his feet push them up first through the card. It will give him a firm foundation to stand upon, and you can either use this way, or, if you wish, you can use this piece of card to a larger piece, or to the bottom of the box you used him in. If you are careful you can put him inside of an eggshell.—New York Herald.

"Easter Hare Pie Scramble."

In Leicestershire, in England, there is a custom still in vogue called the "Easter hare pie scramble." So many years ago that everybody has forgotten it a certain plot of ground was given to the rector of the parish perpetually on the condition that each year on Easter Monday he and his successors should contribute two hare or rabbit pies and a quantity of ale to be scrambled for by the villagers. As late as 1892 the "hare pie scramble" was observed as a great festival, all the villagers turning out to march in procession behind the men carrying the hare pies, cut up into fragments. When they reached a spot known traditionally as "Hare Pie bank" the sacks were emptied and all the crowd engaged in a fight or scramble for the pies, which were supposed to guarantee good luck to the possessor for the ensuing year.—Denver Republican.

BUSINESS HOUSES

Installing Additional Telephones to Take Care of Calls—Local Plant Growing.

Many things have been said about Newark as a business center and also in regard to the progressiveness of its merchants and manufacturers, and these facts are probably more clearly shown by the use of the telephone than in almost any other manner. A glance at the telephone directories in many of the large cities, shows that this medium for transacting business is very heavily used, and that the business houses in many cases have deemed it wise to put in more than one telephone in order that they may not lose any calls; for when one line is busy they can be reached over another. Some offices have as many as four or five lines installed for this purpose.

Newark business men are no exception to this rule, and the Citizens' Telephone company here has been installing in the past few months, a number of duplicate lines to some of their busiest customers. Below is a list of those business houses which have more than one telephone installed on the Citizens' system.

Red 8991, Powers-Miller Co.

730, H. H. Griggs dry goods store.
31, E. H. Everett Co., office.

1574, E. H. Everett, Supt. office.

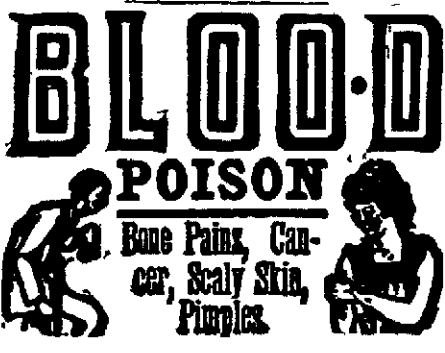

In some cases it will be noticed that different departments of the business are connected by the different lines, while in others the main office can be called over either line. In the latter case, when subscribers find that the first line called is busy, they can get their call without waiting over the other circuit.

The Newark Telephone company, more commonly known as the Citizens', or New Phone, has now over 3200 telephones in service, and as a consequence, some lines are especially busy. The plant is steadily growing, and new telephones are being added to the system daily.

CAMBRIDGE

Phones Police Department to be on Lookout for Child Stealers—Detective Follows Woman.

The police department received a message from the chief of police of Cambridge this afternoon, to meet B. & O. passenger 103, and get a child that was being taken from its home in that city by a woman. Officer Brown and Detectives Bennett and Roberts met the train, but were told by Conductor Doyle that the two children traveling on the train boarded it at Cambridge, but that the woman talking to them made their acquaintance after they were in the coach, and that she boarded the train farther down the line. Detective Roberts went to Columbus to see who meets the children for the tickets of the children and the woman are to that point. Arrests may be made in that city if anything suspicious develops.

Ville, Democrats. The other Ohio members either dodged the issue or were out of the city. The vote on the battle ship proposition was preceded by a long, interesting and lively debate, in which quite a number on both sides of the chamber participated.

Like a dutiful son-in-law "Nick" Longworth of Cincinnati, urged acquiescence in the President's program, but he was careful to keep the written copy of his speech on his desk before him instead of in his inside pocket, as he did at the state convention last month. The House showed its fondness for him by granting him 10 minutes, double the time given anybody else, and then extended it one minute and then another, to enable him to finish what he wanted to say.

Bourke Cockran of New York, made a fervid appeal for four ships, although he was against any couple of years ago. Rainey (Dem.) of Illinois, thereupon characterized him as the greatest lightning-change artist in Congress.

Hobson, duly impressed with his great responsibilities, gave an edifying performance as a jumping jack for he was up and down constantly, offering amendments, appealing from the rulings of the chair, demanding divisions and cutting up capers generally. He did not even forget to drag out his lurid colored war cloud, which he has hung suspended across the broad expanse of the republic and extended out into both oceans.

Chairman Tawney of the committee on appropriations, again pointed out the danger in which the treasury is being placed by the immense increase in appropriations authorized in the several supply measures. Mr. Tawney's remarks were made particularly applicable to the demand for four battleships instead of two. He compared the appropriations in various countries in preparation for war and on account of wars, and said the sea line feet was developed that the United States was spending more money than any other nation in the world.

TEN GOOD REASONS

Why You Should Join the Newark Board of Trade—Help Uplift the City.

The Newark Board of Trade is the only general commercial organization in the city.

It stands for the advancement and up-building of Newark, first, last and all the time.

It is unselfish, non-political, non-partisan and works along broad and patriotic lines.

It offers the best means whereby our business interests can make their influence felt for civic improvements, legislation and otherwise.

It stands for good streets, good roads, municipal betterments and all things that work for progress.

It brings Newark business men in touch with one another, and unites them in one compact organization to work for common aims.

It has always the support of the majority of our public spirited business men, but it needs your co-operation.

It aims to spread Newark's fame and make its advantages known all over the country.

Its cost is nominal—and a membership will help you, your neighbor and the city.

If you are not a member send your name to the secretary, join the board and aid in its work.

W. D. FULTON IS LIBRARY FATHER

Second Ward Councilman Receives Congratulations Over Passage of His Resolution.

Mr. W. D. Fulton, the energetic councilman from the Second ward, struck a popular chord when he introduced a resolution in the City Council authorizing the establishment of a public library. The people had been talking library for years, and while Newark had progressed in every way, nobody took a step towards establishing a library in this city.

Hundreds of other towns all over the United States, many cities in Ohio far less prominent than Newark,

W. D. FULTON.

boast of splendid public libraries and scores of them have been built through the generosity of Andrew Carnegie. Why not Newark, too?

Mr. Fulton felt the public pulse and then wrote the prescription. The remedy he suggested seems to be just the thing needed and now that the library trustees are appointed, a public library seems to be in sight. Mr. Fulton has headed a subscription paper and the trustees are ready to welcome contributions. After a temporary location is secured, a more active canvass for funds and books will be made and doubtless Mr. Carnegie will be appealed to. It is said that Mr. Carnegie will provide the cash for the building if the city will guarantee to maintain it. As a good library is one of the city's urgent needs and as all classes of people want it and approve of the steps taken to secure it, there seems to be no question that the city will guarantee to maintain the library should Mr. Carnegie give it.

Councilman Fulton, a member of the well known law firm of Fulton & Fulton, is a life long Licking county man. Since his graduation from Denison university, Granville, about 20 years ago and his admission to the bar he has successfully practiced law in Newark. Mr. Fulton served two terms as city solicitor.

GRIEF OVER WIFE'S DEATH

CAUSED DR. McDOWELL TO CUT HIS THROAT WITH A RAZOR.

Had Been Subject to Fits of Melancholy—Leaves Will Giving Property to Infant Son.

New York, April 16.—Grief over the death of his young wife, whom he had loved almost to idolatry, caused Dr. Alexander B. McDowell, son of Gen. McDowell, of the Confederate army, to take his own life under dramatic circumstances in his home on West One Hundred and Twenty-ninth street.

Standing before a mirror in his room, just off the parlor, he cut his throat with a razor, and died in a few minutes. Before him at the time was a picture of his wife. The picture soiled with his blood, was found clutched in his hand. In the next room his five-year-old son and namesake, whose birth cost the life of his mother, was playing with his building blocks.

Dr. McDowell left a will bequeathing all of his property to his infant son. He had been subject to fits of melancholy ever since the death of his wife.

ANNIVERSARY

Of Marriage of Mr. and Mrs. A. T. Stevens Celebrated at Home on North Fourth Street.

The 37th anniversary of the marriage of Mr. and Mrs. A. T. Stevens was observed at their home, 249 North Fourth street, on last Saturday the 11th inst.

The affair was planned as a surprise to Mrs. Stevens by her husband and friends. Mr. Stevens is employed by a firm in Pittsburgh, and was home on a short furlough. Every feature of this delightful occasion was a success. The dinner at noon was a sumptuous one, and was highly enjoyed. After dinner, "Blessed be the Tie" was sung, and a most fervent and pathetic invocation was offered by "Uncle" Orlando Bourner. A substantial present of silverware was presented to the bride in a neat little speech by Mrs. J. W. Alexander. This happy crowd enjoyed the remainder of the afternoon and took their leave one by one, wishing the host and hostess a prosperous journey through the remainder of their wedded life. The following were present:

Orlando Bourner, Mr. and Mrs. Tod Abbott, Dr. and Mrs. Alexander, Mrs. Esther Abbott, Mrs. Frank Alexander, Mrs. Melissa Claggett, Mrs. Border, Mrs. Aaron Vanatta, Mrs. Carman, Mrs. Anna Green, Mrs. Dodson, Mrs. John Abbott, Mrs. Geo. Vance, Mrs. Jennie Zartman, Mrs. Rachel Stevens, Howard Stevens, Mrs. Arthur Ewers, Mr. and Mrs. Frank Ewers, Mr. and Mrs. Melvin Taverner, Mrs. Delbert Ewers, Mr. and Mrs. Barton Ewers, and Misses Pearl Bourner, Bessie Laird, Maggie and Clara Taylor, Rachel Wood, Ella Scott, Ross Ewers, Earl Stevens, Josephine Lake, Barton Ewers, Paul and Virginia Vanatta, Zona Taverner, Thelma and Esther Ewers, Mr. and Mrs. A. T. Stevens.
